## DECLARATION OF THE “COMMITTEES OF SAFETY”

*We believe that all Men are created equal*, that they are endowed by their Creator with certain unalienable Rights that among these are Life, Liberty, and the Pursuit of Happiness.

*We believe that it is the obligation of every American to help preserve these rights* so that we can live in a country where the freedom to live, work, and prosper is secure.

*We believe that our security depends upon good, honest and brave Americans*, who are well versed in the principles of freedom and individual rights; and who are united in will to protect the system that our Founders set in place for our personal safety, economic prosperity and domestic tranquility.

*We believe we currently face unprecedented political, economic and social challenges* that seriously threaten our liberties, our material well being, and the peaceful enjoyment of the fruits of our labors.

*Therefore we have established the “Committees of Safety,”* declaring as our mission:

*To unite and support Americans in their local communities* to prepare for any catastrophic event, be it manmade or natural, political or economic in nature--by proposing, developing, and implementing solutions to our most immediate concerns. These include, but are not limited to:

- 1. Enabling individual preparation** and local coordination necessary to secure adequate supply of the essentials of life.
- 2. Promoting free commerce**, the right of property and a constitutional sound monetary system;
- 3. Developing a system of security and defense** for all Americans and their communities; and
- 4. Decreasing apathy and increasing vigilance** with respect to the operations of our political system and elected or appointed public officials.

*In pursuing this mission, we honor the sacrifices of those who came before us*, by carrying on the traditions of self-reliance and self-government that made America great in the past and upon which her continued greatness in the future depends.
